Nursing Forward

EDUCATION

Advance your career with continuing nursing education. NCNA helps nurses in all areas of practice to grow their skills and increase their knowledge through meetings, workshops, retreats, symposiums and conferences. NCNA is an accredited provider of continuing nursing education by the American Nurses Credentialing Center (ANCC), which allows you to earn valuable contact hours – often at reduced member prices.

NETWORKING

We bring nurses together to build stronger networks. Our statewide and local meetings all over North Carolina give you the chance to find mentors, get career advice, develop leadership skills and discuss issues that affect you now and in the future. Make new connections and learn from other nurses' experiences.

LEGISLATIVE ADVOCACY

We advocate for you and our profession. No matter what area of practice you work in, you know that nursing laws can change rapidly with wide-reaching impact. That's why you'll appreciate having an ally at the state legislature protecting and promoting the issues that matter to you.

PRACTICE ADVANCEMENT

When you let your voice be heard, you can help bring positive recognition to the profession and advocate for improved patient care. NCNA members have the chance to participate in specialty councils where you can discuss the evolution of healthcare as it relates to the profession of nursing.

SCHOLARSHIPS

Want to further your education but lack the funding? Our members receive preference in the thousands of dollars in scholarships distributed annually by NCNA's Foundation for Nursing.
